

GETTING TO THE STUDIO

The *approximate* address:

980 17th Avenue, Santa Cruz, California, 95060

The complex is a group of industrial warehouse-type buildings very near railroad tracks, next to a fire department, and across from a school.

There are two entrances to the complex which make a large U—see the blue U on the map. Park in the area shaded red and near my studio entrance marked with the red dot. The entrance is flanked by two red plant pots. The door is locked. Make an appointment in advance and your arrival will be expected. Knock loudly on the door with a 4 inch white letter “V” in the window and a faded “1002 A” on the door.
